Books:

Software Configuration Management Patterns; (co-authored with Stephen P. Berczuk); Addison-Wesley, November 2002

Appendix C - Agile SCM, pp.343-348 (with Steve Berczuk), in **Configuration Management Principles and Practice**; by Anne Hass; Addison-Wesley, 2003

Presentations:

Celebrating Mike Beedle: The Latino who went to Snowbird; Agile20Reflect, 27 February 2021

Agile Conflict Management [Silo Wars]; SASKAgile Regina, 10 December 2020

Agile/DevOps Metrics: Value, Flow, Quality, Culture; Suburban Agilists, 27 October 2020

Emotional Intelligence in Agile Leadership & Transformation, Suburban Agilists, 18 August 2020

Are you Being Agile or Doing Agile?, Suburban Agilists, 8 October 2019, Rolling Meadows, IL

Water-Scrum-Fall: The Good, the Bad, and the Ugly; Chicago-area Agile meetups, 26 Sept. 2019

DevOps – an Agile Perspective (at Scale),
Agile Day Chicago 2018 (ADC2018), 26 October 2018, Chicago, IL

Continuous Delivery of Evolutionary Architecture,
2018 Agile Professional Learning Conference (APLC2018), 3 May 2018. Chicago, IL

An Agile Practice Framework for Scaling Agile Adoption in an Enterprise,
Chicago Agile Professional Learning Network, April 2013

The Evolution of Continuous Integration: To Delivery and Beyond!,
Agile Swarming Conference, September 2011

Refactoring, Emergent Design & Evolutionary Architecture,
Local Chicago-area meetups, 2009-Present

The Values & Principles of Agile Software Development,
Local Chicago-area meetups, 2009-Present

WANTED: Seeking Single Agile Knowledge Development Tool-set,
(with Peter Alfvin), Agile 2009 Conference, August 2009

Trustworthy Transparency and Lean Traceability, from *Just Enough Requirements Traceability*;
panelist & presenter, IEEE 30th Annual International Computer and Software Applications Conference (IEEE COMPSAC2006), Chicago, IL

SCM Patterns for Agile Architectures, Dr. Dobb's Architecture & Design World, July 2006

Agile Configuration Management Environments
March 2004 Chicago Software Process Improvement Network (C-SPIN) -- an earlier version was presented at the Summer 2003 Midwest Software Engineering Conference, held at DePaul University

Selecting The Right Branching Solution: Techniques, Strategies And Trade-offs;
Brad Appleton and Darryl Hahn; 2003 Rational User's Conference (RUC2003), Change & Configuration Management Track, Orlando, FL

ClearCase Branching and Labeling Best Practices for Parallel Development;
Brad Appleton, 2000 Rational User's Conference (RUC2000), Philadelphia, PA

Common ClearCase Practices: Best Practices, Traps & Pitfalls, October 1998

Patterns for Conducting Process Improvement
Brad Appleton, February 1998 Chicago Software Process Improvement Network (C-SPIN)

Patterns in a Nutshell; Brad Appleton, February 1998.

ClearView: Associating Attributes and Notes with a View;
Brad Appleton, 1996 ClearCase International User's Group Conference (CCIUG'96); Lexington, MA

Published Articles & Papers:

Agile Journal / Agile Connection / Better Software

Agility Throughout the Lifecycle: The Rise of DevOps
Agile Journal, October 2010; Brad Appleton, Robert Cowham & Steve Berczuk

An Agile Approach to Release Management
Agile Journal, May 2008; Brad Appleton, Robert Cowham & Steve Berczuk

Lean-Agile Traceability: Strategies and Solutions
Agile Journal, September 2007; Brad Appleton, Robert Cowham & Steve Berczuk

Agile Change Management - from first principles to best practices,
Agile Journal, July 2006; Brad Appleton, Steve Koniecza & Steve Berczuk

Simple Ain't Easy: Myths and Misunderstandings about Simplicity;
Brad Appleton, Better Software Magazine, November 2006 (Vol 8. No. 10)

Situational Code Ownership: Dynamically Balancing Individual vs. Collective Ownership
Agile Journal, April 2006; Brad Appleton, Robert Cowham & Steve Berczuk

Feature-Driven Development - an Agile Alternative to Extreme Programming
Agile Journal, April 2006; Brad Appleton

The Unchangeable Rules of Software Change (and what to do about it)
Agile Journal, February 2006; Brad Appleton

The Trouble with Tracing: Traceability Dissected
Agile Journal, May 2005 (Vol 4. No. 5); Brad Appleton, Robert Cowham & Steve Berczuk

eXtreme Summary: An Overview of Extreme Programming Explained;
January 2000 (appeared in online magazines); Brad Appleton

CM Journal / CM Crossroads

Agile SCM Communication and Documentation
CM Crossroads, August 2012; Brad Appleton, Steve Konieczka, & Steve Berczuk

The Decline & Fall of Agile SCM—And the Rise of Lean SCM
CM Journal, December 2009 (Vol 8. No. 12); Brad Appleton, Robert Cowham & Steve Berczuk

Defining Agile SCM: Past, Present & Future
CM Journal, October 2008 (Vol 7. No. 10); Brad Appleton, Robert Cowham & Steve Berczuk

Streamed Lines: Branching Patterns for Parallel Software Development – 10 years later;
CM Journal, September 2008 (Vol 7, No. 9); Brad Appleton, Stephen Berczuk, Robert Cowham;

Product and Project SCM
CM Journal, August 2008 (Vol 7. No. 8); Brad Appleton, Robert Cowham & Steve Berczuk

Lean Metrics for Agile Software Configuration Management
CM Journal, March 2007 (Vol 6. No. 3); Brad Appleton, Robert Cowham & Steve Berczuk

Principles of Agile Version Control: Relating Patterns to OOD, TBD and POB Principles
CM Journal, August 2006 (Vol 5. No. 8); Brad Appleton, Robert Cowham & Steve Berczuk

Principles of Agile Version Control: From OOD to POB
CM Journal, July 2006 (Vol 5. No. 7); Brad Appleton, Robert Cowham & Steve Berczuk

Principles of Agile Version Control: From OOD to TBD
CM Journal, June 2006 (Vol 5. No. 6); Brad Appleton, Robert Cowham & Steve Berczuk

Agile SCM – Build Management for an Agile Team
CM Journal, June 2006 (Vol 5. No. 6); Brad Appleton, Robert Cowham & Steve Berczuk

Evolving Beyond Version Control for Agile Development
CM Journal, May 2006 (Vol 5. No. 5); Brad Appleton, Robert Cowham & Steve Berczuk

Requirements-based Development: An SCM View
CM Journal, February 2006 (Vol 5. No. 2); Brad Appleton, Robert Cowham & Steve Berczuk

The Future of Agile CM: 2006 and Beyond;
CM Journal, Dec 2005 (Vol 4. No. 12); Brad Appleton, Robert Cowham & Steve Berczuk

An Agile Perspective on Branching and Merging
CM Journal, Nov 2005 (Vol 4. No. 11); Brad Appleton, Robert Cowham & Steve Berczuk

The 4+2 Views Model of CM/ALM Architecture: Software & Infrastructure CM Convergence
CM Journal, September 2005 (Vol 4. No. 9); Brad Appleton, with Robert Cowham & Steve Berczuk

Agile SCM Tasks and Branching Patterns
CM Journal, Nov 2004 (Vol 3. No. 11); Brad Appleton, Robert Cowham & Steve Berczuk

The Agile Difference for SCM
CM Journal, Oct 2004 (Vol 3. No. 10); Brad Appleton, Robert Cowham & Steve Berczuk

Agile Build Promotion: Navigating the Ocean of Promotion Notions
CM Journal, Sep 2004 (Vol 3. No. 9); Brad Appleton & Steve Berczuk

Learning from Concurrent, Parallel, and Distributed Systems Design
CM Journal, Jun 2004 (Vol 3. No. 6); Brad Appleton, Steve Berczuk & Steve Konieczka

Patterns and Software Configuration Management
CM Journal, Apr 2004 (Vol 3. No. 4); by Steve Berczuk, Brad Appleton & Steve Konieczka

Continuous Staging: Scaling Continuous Integration to Multiple Component Teams
CM Journal, Mar 2004 (Vol 3. No. 3); Brad Appleton, Steve Berczuk & Steve Konieczka

Codeline Merging & Locking: Continuous Updates and Two-Phased Commits
CM Journal, Nov 2003 (Vol 2. No. 11); Brad Appleton, Steve Berczuk & Steve Konieczka

Agile Change Management - from first principles to best practices,
CM Journal, Aug 2003 (Vol 2. No. 8); Brad Appleton, Steve Koniecza & Steve Berczuk

The Need for Agility in SCM
CM Journal, May 2003 (Vol 2. No. 5); Brad Appleton, Steve Berczuk & Steve Konieczka

Agile Development and SCM
CM Journal, Apr 2003 (Vol 2. No. 4); special "Agile" issue of CM Journal; Brad Appleton

Agile Configuration Management Environments; CM Journal, Apr 2003 (Vol 2. No. 4); Brad Appleton

Software Patterns & Miscellaneous

Getting Ready to Work: Workspace Patterns for Software Development;
with Stephen P. Berczuk and Ralph Cabrera; Proceedings of the 7th Annual Conference on Pattern Languages of Program Design (PLoP2K); Allerton Park, IL, August 2000

Java Patterns for Distributed Programming;
Brad Appleton, Presentation & Southern Methodist University Technical Report, May 1999

Pizza Inversion: A Pattern for Efficient Resource Consumption;
Brad Appleton, The C++ Report Vol. 11 No. 4, March 1999

Software Reconstruction: Patterns for Reproducing Software Builds;
with Ralph Cabrera and Stephen P. Berczuk; Proceedings of the 6th Annual Conference on Pattern Languages of Program Design (PLoP'99), Allerton Park, IL

Streamed Lines: Branching Patterns for Parallel Software Development;
Brad Appleton, Stephen Berczuk, Ralph Cabrera & Robert Orenstein; Proceedings of the 5th Annual Conference on Pattern Languages of Program Design (PLoP'98), Allerton Park, IL

Patterns for Conducting Process Improvement;
Brad Appleton, Proceedings of the 4th Annual Conference on Pattern Languages of Program Design (PLoP'97), Allerton Park, IL

Patterns and Software: Essential Concepts and Terminology;
Brad Appleton, Object Currents Magazine, Vol. 3 No. 5, May 1997

Introducing Demeter and its Laws; Brad Appleton, 1996

The Law of Demeter for Propagation Patterns;
Brad Appleton, Northeastern University Technical Report, December 1995

AVL Trees: A Tutorial and C++ Implementation, Brad Appleton, (created 1989, last updated 1999)
